

Medical

Comfortable and protective nonwovens

With over 30 years' experience in nonwoven manufacturing, we have the ability to engineer products which meet the highly technical and specified criteria of the medical industry.

The medical market is constantly evolving, challenging manufacturers to provide more protection, strength and comfort. At Don & Low, we understand these fast-paced demands and aim to stay at the forefront of research and development by designing and manufacturing unique and flexible materials based exclusively on Daltex® PP and PE nonwovens.

Our extensive range of medical fabrics are incredibly versatile and specifically developed with the end application in mind. The ability to adapt their properties, laminate with other materials and introduce a range of additives (hydrophilic, hydrophobic, anti-microbial and anti-static) make them ideally suited to the increasing demands of the healthcare industry.

This flexibility allows us to design our fabrics to meet specific customer needs, providing solutions for some of the most demanding applications. We respond to challenging market demands quickly and efficiently, while having the ability to co-developing fabrics with customers to take their product or application to the next level.

Barrier, protection, strength, breathability and comfort are at the core of all our innovations.

Excellent Performance

Compatible with a range of additives

Excellent Versatility

Superior Flexibility

Excellent Strength

Exceptional Comfort

We understand that each application or customer may have a different technical requirement and unlike other manufacturers, our production facility allows complete flexibility. Capable of manufacturing smaller production runs, specialist laminates and up to 5 layer composites, we can provide tailor made solutions to your demands regardless of size, application, performance or geographical location.

For over 30 years we have worked in partnership with leading global manufacturers of polymers, films and additives, allowing us to say with confidence that our products meet the most demanding criteria. This global network has strengthened our position in respect of customer developments, allowing us to design fabrics both internally and with our raw material suppliers ensuring we successfully meet our customers' needs.

Medical Product	Type	Typical End use
Daltex® PP	Advanced Wound Care Surgical & Disposable	Specialist Wound Care, Dressings, Wipes, Tapes, Face Masks, Tray Wraps, Surgical Gowns, Surgical Drapes
Daltex® PE	Advanced Wound Care Surgical & Disposable Ostomy	Specialist Wound Care, Dressings, Wipes, Tapes, Face Masks, Tray Wraps, Surgical Gowns, Surgical Drapes, Ostomy Bags
Daltex® Fusion	Ostomy	Ostomy Bags
Daltex® Absorb	Advanced Wound Care Consumer Wellness	Specialist Wound Care, Plasters, Dressings, Wipes
Daltex® Repel	Advanced Wound Care	Specialist Wound Care, Plasters, Dressings
Daltex® Smart barrier	Advanced Wound Care	Specialist Wound Care, Plasters, Dressings
MeltTX® Stretch	Advanced Wound Care	Specialist Wound Care, Plasters, Dressings
Allershield®	Bedding	Allergy Relief Bedding
Aquashield®	Bedding	Incontinence Bedding
