

# Floorcoverings

*50 years of high-quality synthetic backings and yarns*

Don & Low is a global market leader in the manufacture of high performance polypropylene carpet backings and underlay substrates.

Widely recognised as the first choice in backings, both Donbac® (primary) and Lobac® (secondary) are cost effective solutions which meet current market demands.

Our Daltex® range offers a versatile low-shrink nonwoven alternative for carpet tiles and underlay backings.

Lobrene® scrims and laminate substrates are widely used to offer strength and stability for a variety of underlays.

Our Donfil® carpet yarns are the ideal synthetic alternative to traditional backings manufactured from natural yarns. e.g. jute. With a variety of flat, twisted and lubricated yarns, we ensure we have the perfect solution.

Shrink Resistant

Improved Stability

Coloured to Suit Face Yarn

Stain Defiant

Odourless

Even Fibre Distribution

High Strength

Yarns are more uniform  
than traditional jute  
yarns

Water Resistant

We never compromise on quality, from the raw materials we purchase right through to the finished goods we produce. Continuous investment, quality management systems and extensive experience all contribute to continued confidence in our products, ensuring that we can meet the exact specifications required by our diverse range of customers.

We develop our products in partnership with our customers. Our philosophy is simple: should you have a specific requirement which does not fit into our existing range, we'll aim to develop our fabrics to meet your needs. Unlike many other manufacturers, our production facilities allow complete flexibility.

With a worldwide presence and customers throughout the globe, logistical networks are key. Which is why we work closely with our transport and distribution partners to ensure we deliver on time, *every time*, ensuring that we provide our customers with the competitive edge required of modern manufacturing businesses.
