

Secondary Carpet Backing

Technical Datasheet

As a global market leader in the design and manufacture of secondary carpet backings, our premium product brand Lobac® is a cost effective and flexible solution which meets current market demands.

Providing further stability to the overall carpet structure, Lobac® secondary backings have an air-texturised weft which increases bulk and improves precoat absorption. These key characteristics not only provide outstanding support but also enhance yarn tuft security.

Renowned for its superior quality and strength Lobac® can effectively be used in the construction of tufted carpets for both commercial and domestic applications.

Product Features

- ▶ Increased pile-yarn stability
- ▶ Perfect alternative to jute backing
- ▶ Improved pre-coat absorption
- ▶ Shrink resistant
- ▶ Odourless
- ▶ Stain defiant
